and Ground Maintenance  
throughout Cumbria

**Company Profile**

# Company Overview

Greaves Tree Services reputation is built on an impressive range of experience, qualifications and accreditations gained by small, dedicated teams who strive to stay at the forefront of modern arboriculture through Continued Professional Development. Our extensive experience within the arboriculture industry, dealing with a broad range of clients, sites and trees over the last 20 years, allows us to provide specialist arboriculture services which are above and beyond standard tree work operations. Whether a small domestic tree, site clearance for a major organisation or detailed scientific investigation, our professional team will provide you with a bespoke, creative, and personal service.

## Our Service Coverage

Based in the south lakes, we are in a great position to cover the whole of Cumbria and the North West, undertaking our specialist services for a broad range of clients. These include small domestic tree reductions to large-scale developments and annual contracts for local authorities, contractors and developers, housing associations, highways and education departments.

We are dedicated to providing a service that not only meets expectations but exceeds them.

### OUR EXPERTISE

Years of experience within the industry coupled with our qualified staff ensure that our services are carried out with the utmost care, precision and quality of work.

We have the following industry-recognised qualifications:

- ◆ City and Guilds Arboriculture
- ◆ Pesticide Courses PA1 Foundation PA6 Hand Held
- ◆ Utility Certificated Signing and Lighting
- ◆ NPTC CS30 Foundation Course CS31 Introductory Chainsaw Felling CS32 Intermediate Chainsaw Felling CS34 Chainsaw Operation for Clearing Windblown CS39 Chainsaw Operation within the Canopy of the Tree CS40 Chainsaw Pruning within the Canopy of the Tree CS41 Chainsaw Course Sectional Felling

# Client Testimonials

“ They are very professional, fair priced, and always check first and quote for any exceptional works that need doing. ”  
*Victoria Infants School*

“ All work is always completed on time and to the highest standard. ”  
*Barrow Borough Council*

“ I just want to express my appreciation for a job well done. Your crew did an outstanding job removing the dead oak. My neighbour was so impressed by your team’s expertise that he will be contacting you for some tree work needed by his family. Greaves Tree Services will be the only company that we will be recommending to friends and family. Thank you and your crew very much for your help. ”  
*Ray Jones*

“ Thank you for organising the tree work, Ryan and the rest of the staff are a credit to themselves and your company. We will be in touch for your services again in summer. Many thanks. ”  
*Mr Birmingham, Duddon House*

# Tree Surgery

## TREE FELLING

Specialising in difficult felling.

# CaseStudy

## BARROW BOROUGH COUNCIL

Barrow Borough Council have used Greaves Tree Services for at least ten years for hedge laying, storm damaged trees and felling on allotment sites and in Barrow Park.

Greaves Tree Services provide a professional service, are fully insured with friendly staff.

All work is always completed on time and to the highest standard.

# Kiln Dried Logs

We only  
use UK  
sourced  
Timber!

Ideal for use in woodburning and multi fuel stoves, chimeneas and campfires. Kiln dried logs give off more heat in comparison to seasoned logs and catch alight easily.

**£10.00 Delivery (per bag)**

LA7, LA8, LA9 LA21, LA22

**£20.00 Delivery (per bag)**

LA1, LA2, LA3, LA4, LA5, LA6, LA10 & All CA Postcodes

## Delivery information

Local deliveries will be made in our long wheel based transit van which is 7.0 ft. wide and 21 ft. long. The transit has a crane to mechanically lift the dumpy bags. The crane is mounted on the left hand side we will need enough room to turn around to get into the best position to offload.

If your bin lorry can access your property there will be enough room for us. If you any concerns about access to your property please call to discuss before placing your order 01229 808328 or 01539 897228. We can't physically drag the bags so if the transit is unable to access your driveway then we may need to coordinate leaving your logs somewhere nearby.

Deliveries further from our depot (or at our discretion) will be delivered by a courier either with a 3.5 tonne or a 7 tonne wagon. Their wagons have a tail drop lift system which lowers the pallet off the back of the lorry, the driver then uses a pallet truck to manoeuvre the logs. The driver will not be able to deliver these to your house if your driveway is steep or is covered in pebbles.
